CPKC | SPIN FOR A VETERAN

Eighth Annual Spin for a Veteran event – we need your support

Canadian Pacific Kansas City (CPKC) is proud to host the eighth annual Spin for a Veteran event, to take place in Calgary, Kansas City and Monterrey on October 3rd, 2026. The event will raise funds for homeless veterans in need of shelter, resources and support.

CPKC employees have a proud tradition of supporting the military. As part of our commitment to giving back, we—along with servicemen and women, veterans, emergency responders and corporate teams—will be spinning on stationary bikes to raise awareness and pursue an ambitious $400,000 fundraising goal for our charity partner. This year, CPKC will match up to $175,000 , doubling the impact of each donation.

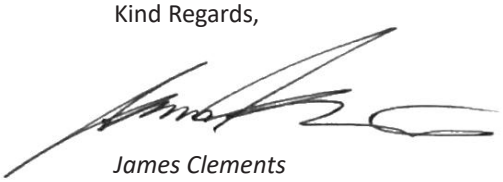
Our Canadian charity partner is the Homes for Heroes Foundation. Their programs are dedicated to helping military veterans reintegrate into civilian life. The Foundation supports those who have served to protect Canadians and uphold our freedoms, by enabling veterans to reconnect with their communities. Through the provision of homes, a peer community, individualized support structures and a sense of place and belonging, Homes for Heroes offers veterans the framework they need for a successful transition back into civilian life.

We are contacting you to ask for your support by considering sponsoring the event or contributing a product/service.

Since 2017, CPKC has helped raise $3.95 million towards veteran homelessness across Canada and the United States. With your support we will continue to have a positive impact on our military veterans.

If you are interested in sponsoring the event we ask that you contact Bradley Robertson at 587-998-2565 / bradley.robertson@cpkcr.com.

Thank you in advance for your time and consideration.
Kind Regards,



James Clements
EVP Strategic Planning & Corporate Services
